Connect With Childcaring:

If you are in need of any special accommodations to attend this training, please contact Childcaring.

The Strengthening Families initiative is a strength-based approach to preventing child abuse and neglect. Strengthening Families is a Center for the Study of Social Policy (CSSP) initiative that looks at the evidence to find out what factors really reduce child abuse and neglect. This training makes the connections between the factors that prevent child abuse and neglect and the strategies that quality early childhood programs can use to build them up.

Learning Objectives:

- Learn about the five protective factors that strengthen family function
- Identify three next steps to build protective factors in early care and education settings
- Understand how to obtain and use Strengthening Families resources

Registry Tier Level: 2 (3 hours) **Quality Area: Health & Wellness**

A component of this training is aligned with and meets the bi-annual Licensing and YoungStar requirements to complete training in Child Abuse and Neglect Prevention and Mandated Reporting.

Funding has been provided by WI Department of Children & Families and Supporting Families Together Association
