Update Your Registry Program Profile

Remember to maintain your YoungStar-required Registry Program Profile. Enter your staff's latest education and training information, assign a Lead Teacher/Group Leader to each classroom/group, and keep this information updated. The information you enter is automatically used to determine your YoungStar rating and corresponding YoungStar Adjustment.

By signing a YoungStar Contract, programs agree to keep their Program Profiles accurate and up-to-date. :

Join YoungStar

YoungStar is a program that recognizes quality in early care and education programs and provides supports and resources, such as technical assistance and micro-grants. In order to receive reimbursements through Wisconsin's child care subsidy program, MyWIChildCare, a program must complete and submit a YoungStar contract.

Early Care and Education programs work with Technical Consultants to engage in efforts to promote their quality and proceed with a process that determines their star rating on a scale from one to five. Do you have questions? Want to learn more? Contact Childcaring to schedule a meeting today!

Reminder: Never keep a client's MyWIChildCare EBT card, account number, or PIN

If you or your staff is found in possession of another parent's EBT card, account number, PIN, or any representation of these items, you may be issued an overpayment and/or permanently suspended from the program.

Do not risk it. Never ask for your client's EBT cards!

FREE Program Child Physical Activity and Nutrition Program

You're invited to participate in an exclusive physical activity and nutrition program for child care providers. We know you care about the health of the children, but it's sometimes difficult to make healthy choices because there's only so much time in a day. That's why we're extending an invitation for child care providers in the counties of Adams, Clark, Langlade, Lincoln, Marathon, Marquette, Portage, Taylor, Waushara and Wood to participate in the Childcare Physical Activity and Nutrition Program, a fun and easy way to help child care providers to improve physical activity and nutrition.

"The program gave me the desire to add more fresh fruits and vegetables into my menu. I feel better about giving the kids less canned foods! I'm very proud of the foods I'm feeding the children in my care; I know it's better for them and it's teaching them a healthy way of life." - *Pine Oaks Kids*

"It has been so helpful becoming more aware of little details about foods and child nutrition. We have also appreciated the extra attention to our menu items and shared ideas for more physical fitness for all our staff and the different age groups we have services for. Sarah in particular has been a wonderful resource and support to our efforts." - Building Blocks Learning Center

In coordination with Child Abuse and Neglect Prevention month, SFTA and member organizations plan multiple child abuse and neglect prevention trainings throughout the month of April. Trainings are open to our usual audiences of child care providers and families, but also to businesses, police and/or fire departments, hospitals, and other work and community settings. SFTA and member organizations ask our previous and potential donors to contribute a small change amount per each adult trained in child abuse and neglect prevention during the month of April. For example, if we train 2,800 participants and you contribute a dime per adult trained, yours would be a total donation of \$280. Every donor will receive a tax receipt, since **all donations made to SFTA are 100% tax-deductible.** SFTA strives to build systems and supports that prevent child abuse and neglect and promote quality early childhood experiences for all Wisconsin children. Therefore, Teach-a-Thon funds will be used to:

- Provide technical assistance to community-based organizations committed to young children.
- Support focused advocacy efforts for young children and their families.
- Build a reserve so that children and families in Wisconsin can always count on SFTA.
- Fund innovative, local initiatives that have big impacts for young children.

WMELS A.EL.2: Responds to increasingly complex language structures, including comments, requests, and guestions. This leads into the Wisconsin Academic Standard WAS ELA SL.K.3: Asks and answers questions in order to seek help, get information, or clarify something that is not understood.

I attended the Preserving Early Childhood conference where the keynote speaker, Wendy Ostroff (a researcher bringing research into practice) spoke about how young children average 78 questions an hour and by 1st grade they ask 5 questions an hour. This questioning needs to be encouraged and not squashed! Asking questions shows a love of learning... it shows curiosity. She also stated "Reading is Incidental if there is curiosity." Use the phrase "I wonder" often throughout the day to model questioning.

Show the children a picture of an animal, place, cover of a book... Throw them a ball that has a question on it: What? Why? Where? And have them ask a question about the picture or book which starts with the question on the ball. Write the questions out to see if you can find the answers.

Put questions that children ask throughout the day in a bag. Talk about if they found the answers or where they could look for the answers.

The Wisconsin Farm to School Program encourages healthy lifestyles in children and supports local economies. In Wisconsin, comprehensive farm to school programs combine local or procurement efforts, nutrition and agricultural education, and child engagement activities such as school gardening, in order to provide children with nutrition education. Farm to School has become a vibrant movement connecting kids to healthy, local food and connecting farmers to happy, local customers.

Vision

For all Central Wisconsin children to benefit from the best child care possible.

2017 Childcaring Board of Directors

Brad Gast, President Donna Ginzl, Vice President Nick Faber, Treasurer Sarah Grosshuesch, Secretary Jane Brandt Rebecca Hardell Joan Krohn Michelle Rantala Julie Rodger Tammy Schreiber Nancy Vance

Childcaring Board Member Spotlight:

My name is Donna Ginzl. I have served on the Childcaring Board of Directors since 2015. I am the current Vice President and also serve on the Governance Committee. I joined the Childcaring Board because my personal and professional life experiences have taught me that quality and affordable child care are essential to the future of our children and our communities. I live in Stevens Point with my husband of 27 years, our youngest daughter, and our two rescue dogs.

I have been a practicing attorney in Central Wisconsin for almost 23 years and I am the proud mother of two daughters who are now 21 and 18. After working for 14 years in the local State Public Defender's Office representing both adults and children, I began working in 2008 with the Anderson O'Brien Law Firm becoming a partner in 2013. I specialize in Family Law related matters such as divorce, child custody and placement disputes, paternity actions, termination of parental rights and adoption and grandparent visitation actions. In addition to representing adults, I am also frequently appointed by local judges and court commissioners as a Guardian ad Litem to act on behalf of the best interests of minor children in custody and placement disputes.

I am honored to be part of the Childcaring organization. The knowledge, professionalism and dedication of the staff and other board member volunteers to provide resources to families and providers to ensure quality childcare throughout Central and North Central Wisconsin is remarkable.
