WFCCA MINI CONFERENCE

Wisconsin Family Child Care Association is pleased to present a one day mini-conference for all child care providers in Region 6 and across Wisconsin! We are pleased to work with Childcaring, Inc to make this day possible!

Presenters:

Mary Olson, Little Sneakers Family Child Care & WFCCA Secretary

Peggy Bliese, Kids Kountry Child Care & Pammy Haefner, P&K Child Care

Michelle Endvick, L4L Child Care & WFCCA Treasurer

Session Details

The Wonder of Light - Bring light play to your day! (Mary Olson) In this session we will cultivate a curiosity in the many wonders of light and see light through the eyes of a child. We will discover simple and accessible tools you can use to expand light play in your center and share ideas for play invitations you can create in your Family Child Care setting.

How to Take a Story Beyond the Pages (Peggy Bliese & Pammy Haefner) In this session we will unwrap how to create exciting and fun activities that make the pages of your books come to life. We will share how to turn the pages of a book into creative and interesting lesson plans that include math, science, art and so much more! A make-n-take will give you an instant activity to take home for your next story reading adventure.

The Environment as a Helper-Make your Environment a Third Teacher! (Mary Olson) Behavior challenges are a daily piece of working with children. What if some of those challenges could be solved with simple environment changes? We will take a look at easy changes you can make in your environment to reduce behavior challenges and create an environment that truly supports the play and learning in your Family Child Care home.

The Checklist: All the things you need to know and Do and WHEN! (Michelle Endvick) Are you overwhelmed or confused by all the recordkeeping, testing, items that need submitting, and so much more needed for running your business? Caring for the kids in Family Child Care is your most important full-time job, but managing all the to-dos on the to-do list can also be a full-time job! Let this session help you understand and organize those big to-dos into a manageable checklist!!

Connect: Self-Love (Michelle Endvick) After spending all day putting the kids first and making sure their needs are met, it is easy to forget about our own. In this session we will focus on creating time for ourselves, finding ways to reconnect with ourselves and to find that self-love.
